

**WASHINGTON TOWNSHIP BOARD OF SUPERVISORS
MINUTES
September 25, 2025**

CALL TO ORDER:

Chairman David Moyer called the regularly scheduled meeting of the Washington Township Board of Supervisors to order at 7:04 p.m., at the Washington Township Municipal Building. The meeting opened with the Pledge of Allegiance.

ROLL CALL

The following members were present: Supervisors, Chairman David Moyer, Thomas Powanda, Romnie Long, Solicitor, Joan London, Esquire; John Weber, LTL Consultants, Matthew Peleschak, Systems Design Engineering, Susan Brown, Township Manager/Secretary, Lisa Boyer, Township Administrative Assistant, Brian Mohr, Township Roadmaster and approximately 20 Members of the public were in attendance.

Chairman Moyer announced Executive session was held this evening regarding personnel and land issues.

TAPING OF MEETING

The meeting was recorded as an aid in the preparation of the minutes. It was noted that Lisa Boyer, Township Administrative Assistant, was taping the meeting this evening. Bill Piersol, 481 Weinsteiger Road, Bechtelsville, PA, 19505 was also taping the meeting.

SPECIAL REQUEST

Fred Rhamer asked if there is anything he can do to reduce the stormwater management system planned for his new construction. He stated he feels that the current plan is over the top and not needed for his new home construction. John Weber stated the design group has prepared the plan for a closed system which raises the cost rather than a small detention basin. He suggested they could redesign the plan if they wish to try to save on the cost.

PUBLIC COMMENT

Bill Piersol addressed the board requesting that when he or anyone wishes to speak at the public meetings they are given the chance to speak and are treated with respect.

Barbara Dunn asked for an update on the progress to address the water runoff issues at Towhee Court in Spring Valley Village. John Weber will contact Mr. Eddy for an update.

Matt Bakes 149 Limekiln Rd. inquired if he needs permission to maintain the ditches near his property which are filling with silt and debris. David Moyer suggested he contact DEP regarding the maintenance of the ditch.

Andrew Carpenter inquired what steps need to be taken regarding his permit for an addition to his home that was denied. John Weber suggested he contact the Zoning Hearing Board if he wished to make an appeal.

Daniel Stauffer reported on information for possible ways to fund the proposed Emergency Services Tax rather than a proposed 1% mill tax increase. Based on information he obtained from the PA Department of Community and Economic Development (DCED), he stated that a portion of the Per Capita Tax, LST Tax and the EIN Tax that the Township currently collects from employed township residents could be a possible option to fund the Fire and EMS. Chairman, David Moyer said the Fire and EMS tax will be discussed further at the Budget Meeting on Monday October 13, 2025.

APPROVAL OF THE MEETING MINTUES OF AUGUST 28, 2025

A motion was made by David Moyer and seconded by Thomas Powanda for the approval of the meeting minutes dated August 28, 2025 as prepared.

Old Route 100 Manhole Repair – SDE Inc. is in the process of preparing permits and will then be moving forward.

Force Main Relocation – Matt Peleschak stated he had a conversation with DEP and the permit will be amended to review and finalize the permit.

Gas/Diesel Fuel Storage Tank – The existing gas/diesel fuel tank at the Public Works Department has sludge and should be replaced. Documents should be provided for bid in October in hopes to replace the tank in the new year.

Matthew Peleschak, SDE Inc. stated that there is an ongoing issue involving “flushable wipes”. While the package may say flushable the fibers become stringy and get tangled in the working parts that grind them causing wear. The fibers need to be manually removed. It is recommended that wipes are not flushed and that residents be notified on the Township website and in the Newsletter alerting them of these concerns. Matt stated this is a general problem everywhere not just in Washington Township.

TOWNSHIP ENGINEER
